# Getting started with Subject Specific Careers

Let's discover careers!

- 1) Write down the key to the left on the 1<sup>st</sup> page of your chosen article
- 1) As you read, mark up your article based on the key

	<u>Key</u>
Focus Career	- highlight it
Job Description	- box it
Job Duties & Responsibilities	- underline it
Job Requirements (schooling or experiences)	- circle it
Things You Need to Research Further	- put a ? next to it

2

## Let's run through an example!

*A cardiologist is a doctor with special training and skill in finding, treating and preventing diseases of the heart and blood vessels. Cardiologists receive extensive education, including four years of medical school and three years of training in general internal medicine. After this, a cardiologist spends three or more years in specialized training. That's ten or more years of training!*

## Career Research

As you research, fill out the  
**GRAPHIC ORGANIZER** for  
Part 2.

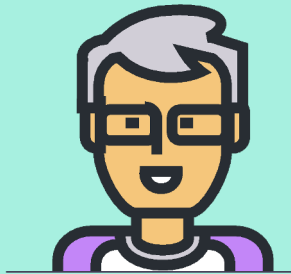

## Research further using:

1. CareerVillage.org –  
“Search Function”  
Remember, multiword  
#hashtags need to be  
hyphenated (#Salary-  
Range)
2. Other Internet Resources

4

## Activity time!

## It's your turn now!

1. **Open up/turn on your computers and head over to [www.CareerVillage.org](http://www.CareerVillage.org).**
2. **Log In to your account**

# Summary

- Use the Framing Sheet to write a well-written paragraph describing critical information about the career you researched in this activity.

# Thank you!
